

FROM FACTORY MEALS TO SUCCESSFUL FAMILY RUN BUSINESS

The story goes back to 1975, when Franci and Sonja Jezeršek moved to Sora near Medvode. Both being teachers at a culinary school and being closely involved with the trends in the culinary world, they recognized a market niche for catering businesses in Slovenia. They started cooking meals for factory workers in the surrounding area and continued with creating culinary masterpieces at numerous receptions and protocol events. In 1994, Sonja and Franci Jezeršek decided to build Jezeršek House of Culinary Arts. It became the first facility in Slovenia used for catering purposes only. In 2007, business activities expanded; Dvor Jezeršek, a more than 240 years old renovated homestead in Zgornji Brnik, was rebuilt to a modern 18-room hotel with conference facilities and a typical Slovenian restaurant – Gostilna.

FRANCI JEZERŠEK, THE FOUNDER, WAS BORN AT MATIC FARM

Matic Farm in Hotavlje in Poljane Valley is managed by Franci's nephew Danilo. Their fruit juices have become the trademark of the farm. Matic Apple juice is the best juice on the market and a must try at Dvor Jezeršek.
